Water Shed Technology™

Screen **WITHOUT** Screen **WITH**

BetterVue® offers better outward visibility than traditional insect screen and provides improved views, airflow and insect protection. Phifer's Water Shed Technology coating is now standard on BetterVue®. This innovative coating will keep the screen cleaner for longer and also clear of water during and after rain showers. It also resists dirt, dust and grime so you can focus on the view, not the screen. For better viewing clarity, choose BetterVue®.

- Improved visibility insect screen
- Ideal for windows where the focus is on the view
- Made with Water Shed Technology™ to keep the screen cleaner for longer
- GREENGUARD Gold Certified
