

Phifer  
**SheerWeave**®

BRAND FABRIC

Now With

 **Microban**®  
antimicrobial product protection

STAY COOL. LIVE CLEAN.

Phifer uniquely combines the performance of SheerWeave® sun control fabrics with MICROBAN® antimicrobial technology to provide continuous product protection against stain and odor-causing bacteria, mold and mildew.

- Microban antimicrobial protection works continuously to inhibit the growth of bacteria, mold and mildew that can cause stains, odors and product deterioration.
- Microban antimicrobial protection is infused into Phifer SheerWeave sun control fabrics for lasting protection that won't wash off or wear away for the lifetime of the shade.
- Phifer SheerWeave fabrics are the only shade fabrics in the world to include Microban protection.
- SheerWeave fabrics infused with Microban antimicrobial technology are ideal for any commercial or residential environment where microbes are a concern, including:
  - Healthcare
  - Hospitality
  - Home and Office
  - Schools and Institutions

The following SheerWeave fabrics contain Microban antimicrobial protection:
