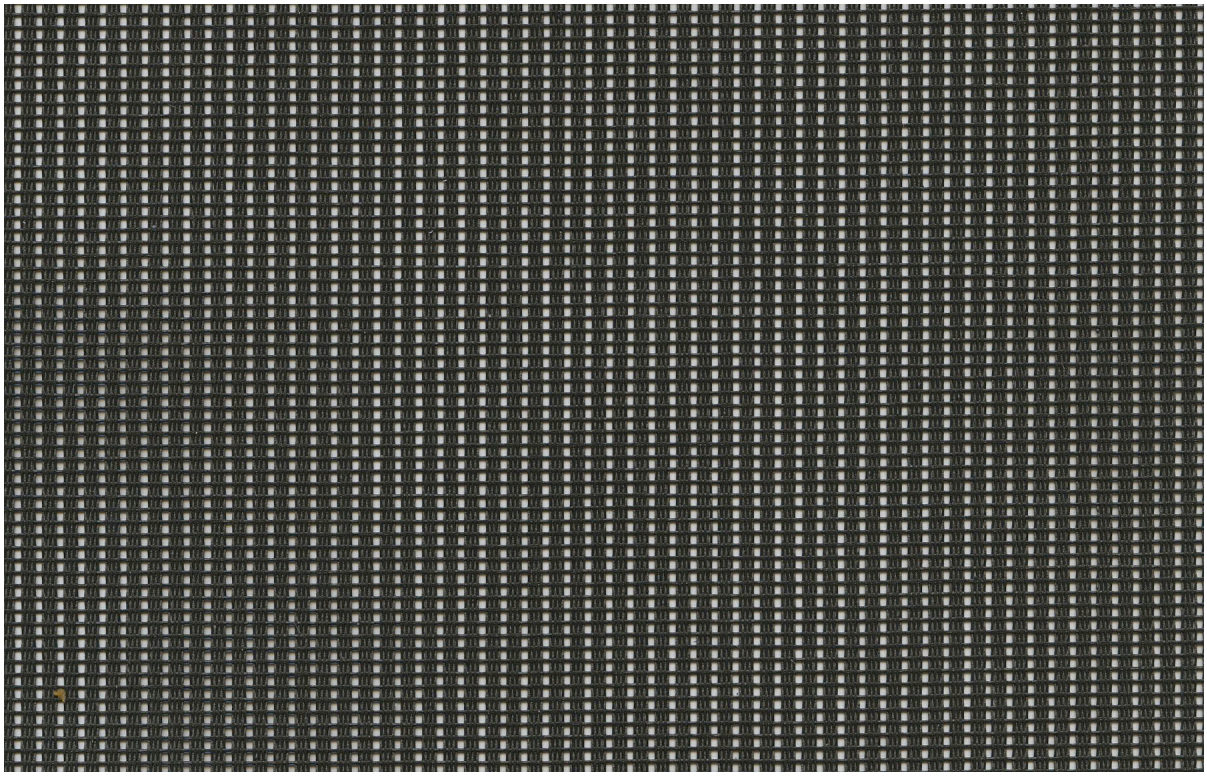
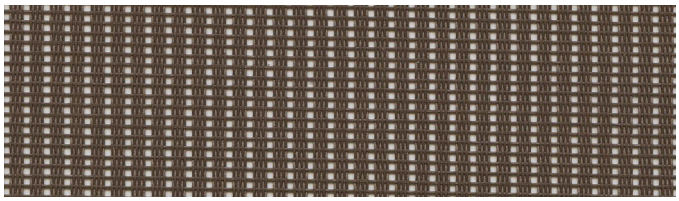
SunScreen®
BY PHIFER



Charcoal



Bronze

SunScreen® is a woven, vinyl-coated fiberglass screening manufactured for the primary goal of reducing solar heat gain and glare. SunScreen absorbs and dissipates up to 70% of the sun's heat and glare before it reaches the window. SunScreen is easily installed on any type and size of window and also performs as an insect screening.

- Blocks 70% of solar heat and glare
- Improves daytime privacy
- Energy-saving screen, ideal for shading windows, doors and porches
- GREENGUARD Gold Certified
