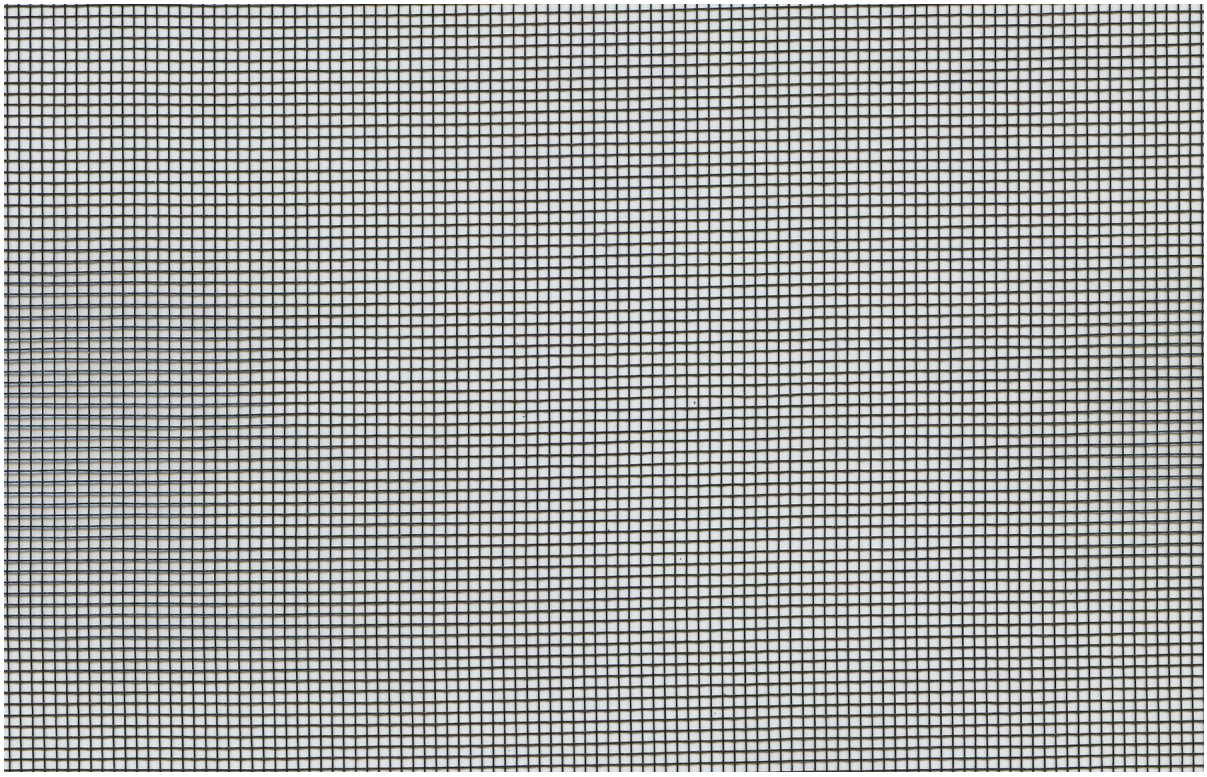
UltraVue® 2
BY PHIFER



**Black**

## Water Shed Technology™

Screen **WITHOUT** Screen **WITH**

UltraVue® 2 offers the best outward visibility of all Phifer screening products with its excellent viewing clarity and improved airflow. Phifer's Water Shed Technology™ coating is now standard on UltraVue 2. This innovative coating will keep the screen cleaner for longer and also clear of water during and after rain showers. It also resists dirt, dust and grime so you can focus on the view, not the screen. For maximum viewing clarity, choose UltraVue 2.

- Excellent visibility insect screen
- Ideal for windows where the focus is on the view
- Made with Water Shed Technology™ to keep the screen cleaner for longer
- GREENGUARD Gold Certified

GREENGUARD GOLD
PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS
