Bronze Screen

BY PHIFER

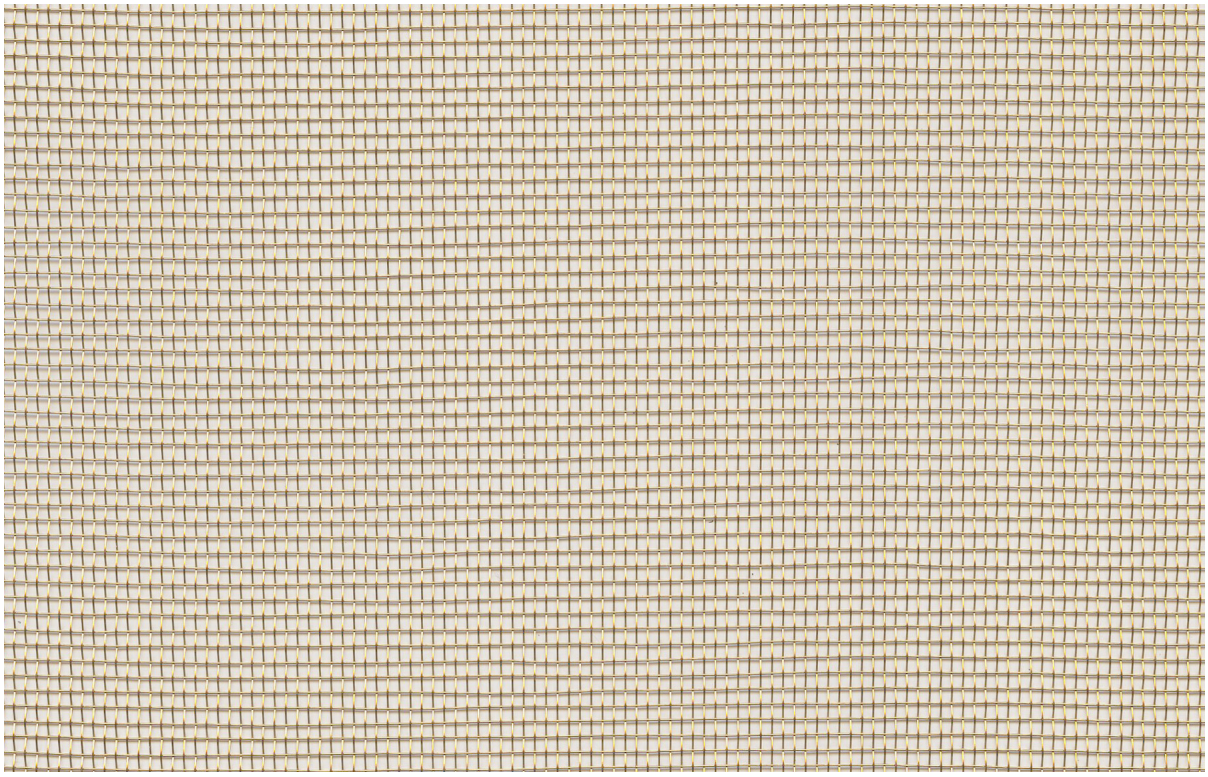

Bronze Screen is an effective way to control pests while reviving the elegant charm of past years. Its brite copper color weathers to a beautiful dark bronze finish and coordinates with copper architectural accents such as roofing, dormers and gutters. Made of 90% copper, it is excellent for use in screen doors, windows and porches and provides strength and durability.

- Durable, nostalgic screen
- Architects' Choice for Restoration in Historic Homes
- Weathers to a beautiful, dark finish
