Solar Insect Screening

BY PHIFER

Charcoal

Solar Insect Screening offers the ultimate in insect protection while at the same time stopping up to 65% of the sun's heat and glare. This 20x30 mesh also improves daytime privacy while offering excellent outward visibility. Phifer Solar Insect Screening works whether windows are open or closed.

- Blocks 65% of solar heat and glare
- Energy-saving screen ideal for shading windows, doors and porches
- Keeps out most tiny insects
- GREENGUARD Gold Certified
